Read this manual carefully before use, and retain it for future reference.

Safety Instructions

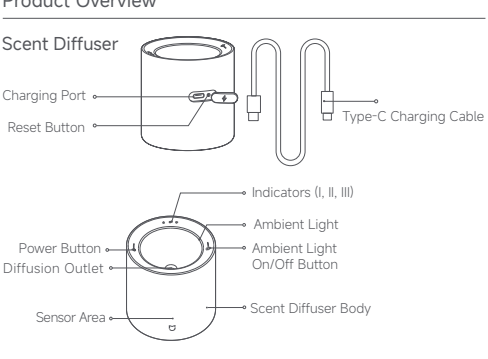

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- Do not expose the battery to fire to prevent the battery from exploding or releasing toxic and hazardous substances.
- Do not short-circuit the battery to prevent it from combusting and setting on fire.
- Do not disassemble the scent diffuser unless you want to dispose of it, otherwise, it will be damaged.
- Make sure to operate in a safe manner and unplug the scent diffuser before removing the battery.

- Do not disassemble, puncture or crush the battery. Stop using immediately if there is any swelling.
- Do not damage the battery when removing it to avoid short circuits or liquid leakage.
  If the battery leaks, keep the fluid from touching your skin or clothes, and wipe it away immediately with a dry cloth. Then send the battery to an appropriate recycling facility or the designated after-sales service team to properly dispose of it.
- To clean, gently wipe the surface of the scent diffuser with a wet cloth when it is turned off.
- Do not immerse the scent diffuser in water nor rinse it directly with water to avoid short circuits.
- Do not tilt the bottle when installing or replacing the scent liquid bottle. It is normal for a small amount of liquid to leak, and the scent diffuser can still be used normally after wiping it clean.
- Do not use incompatible scent liquid to prevent the scent diffuser from malfunctioning.
- Store the scent diffuser in a cool place away from direct sunlight or heat sources.

- Do not swallow the scent liquid. If you get it in your eyes, immediately rinse with plenty of water.
- Due to individual differences, a small number of people may experience an allergic reaction during use. If this happens, stop using it and seek medical treatment if necessary.

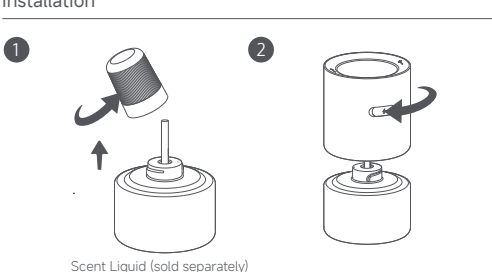

- This appliance contains a battery that is non-replaceable. When the battery is at end of life, the appliance shall be properly disposed of.
- It must only be supplied at safety extra-low voltage corresponding to the marking on the appliance.
- WARNING: Use only an external supply with the following specifications: Rated Output:5 V ⎓ 0.5 A
- Power adapter for charging needs to be purchased separately.
- Do not expose the appliance or battery to excessive temperatures.
- Be aware of the risk of terminals of the battery-operated appliance or battery being short-circuited by metal objects.

Product Overview

Note: Illustrations of product and accessories in the user manual are for reference purposes only. Actual product and functions may vary due to product enhancements.

Installation

1. Remove the scent liquid and unscrew the lid counterclockwise.
2. Rotate the scent diffuser clockwise to secure it with the scent liquid bottle.

Note: Fully charge the scent diffuser before using it for the first time. Remove the silicone plug from the charging port in the scent diffuser body, plug the charging cable into the charging port and connect it to a power outlet to start charging. Place back the silicone plug once fully charged.

How to Use

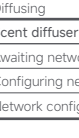

Turning on/off & Switching levels

Press the power button to turn the scent diffuser on, and press and hold the power button for 2 seconds to turn the scent diffuser off. After turning it on, press the power button to cycle through level 1, level 2, level 3, and off.

Level introduction

The scent diffuser has three levels, level 1, level 2, and level 3, with diffusion intervals of 20 minutes, 15 minutes, and 10 minutes respectively, and a single diffusion duration of 2 seconds. The indicator on the scent diffuser body shows I, II, and III for levels 1 to 3 respectively.

Turning the ambient light on/off

Press the ambient light on/off button to turn the ambient light on/off.

Resetting the scent diffuser

Press and hold the reset button with a pin for more than 7 seconds. When the ambient light blinks orange, the scent diffuser has been reset successfully.

CAUTIONS:
- After each diffusion, the scent diffuser will automatically enter standby mode and start diffusing again in the next cycle. The indicator will keep on in
- standby mode.
  The scent diffuser has a diffusion detection function. When it detects
- someone approaching, it will diffuse immediately. You can enable this function in the Xiaomi Home app.
  The ambient light of the scent diffuser also has a detection function. When it detects someone approaching, it will keep on for 15 seconds. You can enable this function in the Xiaomi Home app.

Indicator Status Descriptions

Scent diffuser status	Indicator status
On	The indicator for level 1 keeps on
Off	Off
Level switching	The indicator for the selected level keeps on

Care & Maintenance

For cleaning, it is recommended to gently wipe the surface of the scent diffuser with a wet towel while it is turned off.

Precautions

- Do not tilt the bottle when installing or replacing the scent liquid bottle. It is normal for a small amount of liquid to leak, and the scent diffuser can still be used normally after wiping it clean.
- It is recommended to use the compatible scent liquid for replacement to prevent the scent diffuser from malfunctioning.
- Store the scent diffuser in a ventilated dry place away from direct sunlight or heat sources.
- Do not place and use it in a car.
- Do not tilt or invert it.
- Stay away from the diffusion outlet to avoid direct inhalation.
- Do not swallow the scent liquid. If you get it in your eyes, immediately rinse with plenty of water.
- Due to individual differences, very few people may have allergies during use. If this happens,stop using it and seek medical treatment if necessary.
- Please use a 5 V ⎓ 0.5 A power adapter (sold separately) when charging.
- Do not remove the scent diffuser's battery.
- Do not forcefully squeeze the scent liquid bottle.

Troubleshooting

Issues	Possible Causes	Solutions
The scent diffuser cannot be turned on	The battery is depleted	Charge the battery
The scent liquid cannot be diffused	The scent liquid is depleted. The battery is depleted	Replace the scent liquid. Charge the battery
The indicator blinks orange	The battery is depleted	Charge the battery
The network cannot be configured	The scent diffuser is not reset	Reset the scent diffuser before network configuration

Specifications

Name: Xiaomi Smart Scent Diffuser	
Model	MJXFJ03XW
Charging Voltage	5 V ⎓
Charging Current	0.5 A
Rated Voltage	3.7 V ⎓
Rated Current	1 A
Item Dimensions	74 × 74 × 122 mm
Wireless Connectivity	Bluetooth Low Energy (BLE)
Battery Type	Lithium-ion battery
Operating Humidity	0%–85% RH
Storage Temperature	-20°C to 60°C
Storage Humidity	20%–75%

Environmental Protection

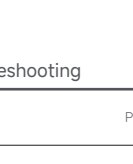

- When the product reaches the end of its service life, please remove, dispose of, or recycle the built-in battery in accordance with local laws and regulations of the country or region where the product is used. If the battery cannot be removed, take this product to an officially designated recycling center to disassemble and recycle the battery.
